THE BANK OF SECURITY—SERVICE—CONTENTMENT

WE ALWAYS HAVE MONEY TO LOAN

3 Per Cent Paid on Time Deposits

Of Them We Ask Their Lives; Of You Only Money

THERE is only one way to give to the Red Cross—give till your heart says stop. A little contribution is only a salve to pride.

This is not to say that contributions of only one dollar, or even of only one nickel, are not desired—and needed. They are!

For you to give \$5 when you can give \$25—for you to give \$25 when you can give \$100, or to give \$100 when you can give \$500—is to dodge the heaviest obligation that this war has laid upon you. Remember, this is not a charity—this is a duty.

No man can tell you how much you ought to give. Except this: that "Over There" the need is so great that only by cutting to the quick, only by giving all that you think you can give and then more—only by giving not a little of your excess but much of it—only by taking from your own children and from your wife and

from yourself, can the needs of the men who are fighting for you and the needs of the children of the men who have died for you be met.

Millions of loyal Americans will pledge a part of each month's earnings during June, July, August and Sept. \$100,000,000 must be raised.

What Will You Do To Help? Red Cross 2nd War Fund May 20-27

Every cent given to Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.

It is made up almost entirely of volunteer workers, 10,000,000 unselfish Americans.

It is today bringing relief to suffering humanity, both military and civil, in every war-torn Allied country.

It is there to help our soldier boys in time of need.

By helping the starving women and children in the ruined districts of France and Italy it performs a distinctly military service. A soldier who knows that Red Cross is helping his family fights with renewed spirit.

Thus does Red Cross help to win the war.

Congress authorizes it. President Wilson heads it. The War Department audits its accounts.

Your Army, your Navy, and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.
